## Department of Treasury and Finance

The Department of Treasury and Finance is the lead agency for economic, digital and financial policy outcomes.

We play a vital role in providing financial services to the community and economic and fiscal policy advice as well as digital services to the Government of South Australia.

The Department of Treasury and Finance actively promotes flexible working arrangements and values diversity in the workplace.

## Our Purpose

We are *the Government's trusted fiscal, economic, digital and policy advisor*.  
We work to ensure *South Australia is a thriving, prosperous State now and in the future*.

## Who we are

### Talented, Clear Eyed and Curious

We are analytical, evidence based, innovative and creative.

### High Performing

We are known for achieving successful and timely outcomes.

### Trusted Partner

We work better together. We lead, partner, and collaborate to help solve the big challenges.

### Agile

We organise around opportunities critical to our state and are flexible in responding to challenges.

### Fulfilled and Fun

We take the work seriously and ourselves less so - we support each other in the pursuit of excellence and make Treasury a great place to work.

## What we are known for

*A world class Treasury and Finance.*  
*A high performing agency that seizes opportunities, addresses the big challenges, and is a destination employer providing rewarding careers.*

## Branch/Section

The Finance Reform Program (FRP) being led by the Department of Treasury and Finance to replace the Government's main financial management system (FMS), Masterpiece. The existing system, used by the majority of SA Government Agencies (excluding SA Health), was implemented 30 years ago and is reaching the end of its useful life.

The implementation of a new contemporary FMS (Oracle), and best practice processes, will fundamentally change the way finance activities are performed across all in-scope Agencies and impact a broad range of stakeholders, including financial, ICT and operational teams.

The program of work includes the design and implementation of standardised business processes leveraging industry leading practices and out-of-the-box functionality, testing and deployment of Oracle across a wide range of government agencies; significant change management and stakeholder engagement activities; and execution of a fit-for-purpose training program that supports end user adoption.
